

Laser and Plasma
Research Institute

ICOFS 2021

اولین کنفرانس ملی حسگرهای فیبرنوری ۶ آبان ۱۴۰۰
1st Iranian Conference on Optical Fiber Sensors
28 October 2021

Keynote Speakers-ICOFS 2021

Paths for Optical Sensing

Prof. Jose Luis Santos

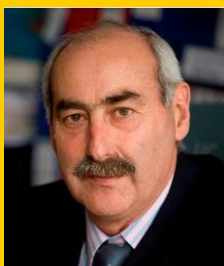

University of Porto
CAP/INESC TEC Porto

Optical micro sensors : fabrication
and applications in single cell analysis

Dr. Pedro Jorge

INESC TEC Porto

Photonic Sensors: Doctrinal Conception
and relevant cases

Prof. José Miguel Lopez-Higuera

University of Cantabria

Rolled-up microtube ring resonators
for optofluidic sensing applications

Dr. Abbas Madani

AMO GmbH, University of Cambridge

Ultrathin optical fibers and their
applications

Dr. Georgiy Tkachenko

Okinawa Institute of Science and Technology
